InfraStruXure awards
HONORING ADVOCATES FOR CHANGE

[Register today](#) to see first hand how to solve your top IT issues with InfraStruXure.

>> **Host Company: Illinois State Board of Elections**

>> **Event Details: Wednesday - February 23rd - 5:00 pm - Springfield - Illinois**

>> **Featured Installation: 40 kW, 6 to 20 racks, AFX Air**

Attendance is limited to IT professionals only. Qualified registrants will receive confirmation via email.

APC customers around the country are opening their doors to the IT community. This event includes a peer-to-peer discussion and demonstration of APC InfraStruXure™ followed by a networking event at a local restaurant.

See firsthand how easy it is to customize your own IT solution from wiring closet to data center using InfraStruXure's on-demand architecture for network-critical physical infrastructure (NCPI).

NCPI is the foundation upon which IT and telecommunications networks depend. It consists of power, cooling, racks and physical structure, security and fire protection, and cabling, as well as the management and servicing of these elements.
