3OH!3

What do hip-hop, dirty synth sounds, local gang signs, and spastic dance moves have in common? The grungy hipsters of 3OH!3 have figured out a way to combine all of these elements into a high energy live show that has been turning heads across the country. With their recent album release "Want" and a rapidly growing fan base while touring on the Warped Tour, this band is taking the music scene by land and sea all the way live from the 3OH!3.
